E-mail: jg@mblcommunications.com

This Symposium Monograph is available as an easy-to use CD-ROM. Just complete this form. This information is offered to the medical community to aid in the rapid and proper dissemination of medical information. The sponsor, Shire Pharmaceuticals, has funded 1,000 CD-ROMs via an unrestricted educational grant for interested readers. For those first 1,000 requesters, a CD-ROM will be provided free of charge.

This interactive CD-ROM contains the text of this Symposium Monograph in PDF format, as well as the slide library presented in PowerPoint® format. The CD-ROM is compatible with both PC/Windows and Mac OS systems: no plug-ins are required.

While the copyright of these slides lies with this journal, the information on the CD-ROM may be used by readers under the "fair use" doctrine. Thus, a use for a proper purpose, such as teaching or lecturing, is encouraged.

Please allow 3 weeks for delivery.
