### **Becoming Nations Again**

North America's Indigenous inhabitants operated effective governments long before European arrival. Tribes built cities, developed laws, and participated in transcontinental trade networks. European arrival, however, brought many hardships for Indians. Although tribes were guaranteed the right to self-govern on reservations, the United States imposed severe restraints on tribal autonomy, resulting in socioeconomic maladies, such as poverty and crime. Today, federal policies continue to inhibit tribal self-governance. As a result, tribes continue to suffer from these social ills. *Becoming Nations Again* argues that empowering tribal governments is the key to solving tribal problems. It moves to liberate tribes from the antiquated regulations that apply only to tribal lands and allow tribes to exercise jurisdiction over all people on their land. Once this occurs, tribes will be free to implement their own laws and participate in the federalist system. This title is also available as Open Access on Cambridge Core.

Adam Crepelle is an assistant professor at Loyola University Chicago School of Law. He received the Elinor Ostrom Prize in 2023 for his coauthored article "Community Policing on American Indian Reservations." He is the coauthor of the upcoming book *Reservation Capitalism: Economic Development in Indian Country* (2d ed. 2025).

#### CAMBRIDGE STUDIES IN ECONOMICS, CHOICE, AND SOCIETY

### Founding Editors

## Timur Kuran, *Duke University* Peter J. Boettke, *George Mason University*

This interdisciplinary series promotes original theoretical and empirical research as well as integrative syntheses involving links between individual choice, institutions, and social outcomes. Contributions are welcome from across the social sciences, particularly in the areas where economic analysis is joined with other disciplines such as comparative political economy, new institutional economics, and behavioral economics.

#### Books in the Series:

- PAUL DRAGOS ALIGICA, Public Entrepreneurship, Citizenship, and Self-Governance
- TERRY L. ANDERSON AND GARY D. LIBECAP, Environmental Markets: A Property Rights Approach
- SHELBY GROSSMAN, The Politics of Order in Informal Markets: How the State Shapes Private Governance
- MORRIS B. HOFFMAN, The Punisher's Brain: The Evolution of Judge and Jury
- RANDALL G. HOLCOMBE, Political Capitalism: How Political Influence
  Is Made and Maintained
- ROGER KOPPL, Expert Failure
- PETER T. LEESON, Anarchy Unbound: Why Self-Governance Works
  Better Than You Think
